
MK147 CANON KING'S TOURNAMENT (ARC 2 SCAFFOLD) FINALIZED WORKING MODEL

PURPOSE

The King's Tournament exists for three reasons:

1. Provide a kingdom-wide competitive framework.
2. Move characters naturally between cities.
3. Establish regional and kingdom recognition.

The tournament is NOT:

- Arena combat.
- PvP elimination.
- A standard fantasy tournament.
- A dungeon-clearing competition.

The tournament is effectively:

"A very dangerous dungeon racing circuit."

DUNGEON MODEL

Dungeons are NOT levels.

Dungeons are NOT cleared.

Dungeons are NOT destroyed.

Dungeons are persistent environmental structures.

Properties:

- Massive in scale.
- Oscillating.
- Regenerating.
- Resource producing.
- Continuously inhabited by monsters.
- Continuously changing.

A dungeon may extend:

- Miles vertically.
- Tens of miles vertically.
- 17+ miles deep or greater.

The dungeon remains after the tournament.

The dungeon remains after adventurers leave.

The dungeon remains after centuries.

The tournament merely operates inside the dungeon.

PHASE 1
QUALIFICATION SEASON

Duration:

Entire Year

Frequency:

Monthly Qualification Events

Location:

Any Green-or-Higher Dungeon

In the Blue Region:

3 Green Dungeons

4 Blue Dungeons

2 Violet Dungeons

Total:

9 Qualification Dungeons

Each month:

Teams may attempt qualification.

If a team places:

Violet

Blue

Green

Yellow

Orange

Red

They qualify.

Qualification is permanent.

Once qualified:

The team is done.

They do not need to qualify again.

Example:

January:

Fail

February:

Fail

March:

Green Placement

Result:
Qualified.

Done.

Wait for King's Tournament.

PHASE 2 KING'S TOURNAMENT

When qualification season ends:

Each of the 9 qualification dungeons contributes:

6 qualified teams

Result:

9×6

= 54 Teams

The Blue Region Tournament begins.

TOURNAMENT STRUCTURE

The tournament is NOT elimination.

The tournament is a points circuit.

All 54 teams remain active.

The field does not collapse each stage.

Instead:

Teams accumulate points.

CIRCUIT EVENTS

There are six tournament stages:

Red Event
Orange Event
Yellow Event
Green Event
Blue Event
Violet Event

Each stage occurs at a designated Blue or Violet Dungeon.

Teams race the dungeon.

Objective:

Reach Bottom
Activate Token
Return To Surface

Fastest successful teams place highest.

POINTS SYSTEM

Each event awards:

Violet Placement = 6 Points
Blue Placement = 5 Points
Green Placement = 4 Points
Yellow Placement = 3 Points
Orange Placement = 2 Points
Red Placement = 1 Point

Example:

Event 1:

Team A = Violet = 6

Event 2:

Team A = Green = 4

Event 3:

Team A = Blue = 5

Running Total:

15 Points

END OF CIRCUIT

After all six events:

Red
Orange
Yellow
Green
Blue
Violet

Scores are totaled.

Example:

Team A = 28
Team B = 26
Team C = 25

Team D = 24
Team E = 23
Team F = 21

Only:

Top 6 Teams

advance.

PHASE 3 DOMAIN CHAMPIONSHIP

The top six teams become:

Blue Region Representatives

The same process occurs in:

Orange Region
Green Region
Purple Region

Each region produces:

6 Teams

KINGDOM FINALS

Blue Region:
6 Teams

Orange Region:
6 Teams

Green Region:
6 Teams

Purple Region:
6 Teams

Total:

24 Teams

These 24 teams travel to the capital domain.

The Kingdom Finals are held at the kingdom championship dungeon.

Final placement:

Violet
Blue
Green
Yellow

Orange
Red

determines kingdom ranking.

STORY FUNCTION

The tournament exists primarily as:

A Travel Engine

It naturally moves Kira through:

- New Cities
- New Dungeons
- New Guilds
- New Rivals
- New Noble Houses
- New Dungeon Communities

Without requiring artificial story excuses.

Travel Route Example:

Village Hub
↓
Qualification
↓
Red Event City
↓
Orange Event City
↓
Yellow Event City
