

BLACKSTONE UNIVERSITY
SEMESTER I INFRASTRUCTURE CALENDAR
(FOUNDATIONAL CAMPUS EVENTS)

Purpose:

These are university-scale anchor events that occur regardless of Kira's personal involvement.

The events create the semester structure.

The story moves between them.

DAY 1

OPENING CONVOCATION

Department:

University Administration

Grand Archives

Description:

Official opening of the academic year.

Freshmen arrive.

Faculty introductions occur.

Academic expectations are established.

Narrative Function:

Introduces Blackstone as an institution.

DAY 6

FRESHMAN ORIENTATION TOUR

Department:

Binding Circle Department

Description:

Campus tours.

Circle demonstrations.

Library access orientation.

Infrastructure introduction.

Narrative Function:

Students learn how the university actually functions.

DAY 12

PI DAY

Department:

Mathematics

Description:

Geometry challenges.

Proof demonstrations.

Mathematical competitions.

Campus Reputation:

The mathematicians become increasingly concerning.

Narrative Function:

First major mathematics culture event.

DAY 18

ANATOMICAL EXHIBITION

Department:

Biological Sciences

Description:

Biological demonstrations.

Anatomical presentations.

Faculty exhibitions.

Campus Reputation:

HELKIR students begin questioning their life choices.

Narrative Function:

First major HELKIR-facing event.

DAY 21

FOUNDERS GAMES

Department:

Athletics

Description:
Annual university athletic festival.

Wrestling.
Obstacle events.
Relay competitions.
Demonstrations.

Narrative Function:
Campus social event.

DAY 24 DEPARTMENT SHOWCASE

Department:
Grand Archives

Description:
Each department presents:

- What it teaches
- What it researches
- Why it exists

Narrative Function:
Students learn how the university fits together.

DAY 27 CHEMICAL SAFETY FESTIVAL

Department:
Chemistry

Description:
Containment demonstrations.
Reaction demonstrations.
Safety systems.
Industrial chemistry displays.

Campus Reputation:
The chemistry department attempts to convince everyone they are responsible.

Narrative Function:
First major chemistry event.

DAY 30
FOUNDATION NODE SEMINAR

Department:
Genesis Field Studies

Description:
The major foundational seminar.

Shows how:

Biology
Chemistry
Topology
Differential Geometry
Genesis Field Theory

interconnect.

Narrative Function:
Students realize the curriculum is one system.

DAY 37
TOPOLOGY CHALLENGE

Department:
Mathematics

Description:
Topology competitions.
Geometry challenges.
Proof-solving exercises.

Campus Reputation:
Nobody understands the winners.

Narrative Function:
Mathematics culture event.

DAY 42
FIRST HOSPITAL OBSERVATION

Department:
Hospital Complex

Description:
HELKIR freshmen enter supervised observation.

Minor injuries.
Recovery wards.
Clinical workflow.

Narrative Function:
Students see real patients for the first time.

DAY 45
CIRCLE DESIGN COMPETITION

Department:
Binding Circle Department

Description:
Student circle designs.
Faculty reviews.
Configuration demonstrations.

Narrative Function:
Architecture culture event.

DAY 48
RESEARCH NIGHT

Department:
Grand Archives

Description:
Faculty present active research.

Students see:

What the university is actually working on.

Narrative Function:

Research culture event.

DAY 51

ER FOAM BALL SEASON BEGINS

Department:

University-Wide

Branches Represented:

- Architects
- Mages
- Summoners
- HELKIR
- Augmentors

Description:

Annual Five Branch Championship.

Faculty and researchers compete.

Students support their branch.

The winning branch receives the Championship Cup and annual bragging rights.

Narrative Function:

Major campus culture event.

DAY 54

HEALING PRACTICUM REVIEW

Department:

Biological Sciences

Description:

HELKIR progress review.

Students discover how much material they have forgotten.

Narrative Function:
Academic checkpoint.

DAY 57
ALCHEMICAL MATERIALS & SAFETY FAIR

Department:
Chemistry

Description:
Industrial materials.
Containment systems.
Material demonstrations.

Campus Reputation:
The chemistry department wants to show everyone the cool things they built.

Narrative Function:
Applied chemistry showcase.

DAY 60
FIELD TOPOLOGY WORKSHOP

Department:
Genesis Field Studies

Description:
Practical Genesis applications.

Theory meets implementation.

Narrative Function:
Students begin connecting abstract concepts to reality.

DAY 63
THE LONG PROOF

Department:
Mathematics

Description:

Extended proof competition.

Teams receive major problems and attempt solutions over an extended period.

Campus Reputation:

The mathematicians stop sleeping voluntarily.

Narrative Function:

Legendary mathematics event.

DAY 66

HOSPITAL OPEN DEMONSTRATION

Department:

Hospital Complex

Description:

Public healing demonstrations.

Recovery procedures.

Clinical showcases.

Narrative Function:

Major HELKIR public event.

DAY 72–75

GUEST SCHOLAR SERIES

Department:

Grand Archives

Description:

Visiting scholars.

Research presentations.

Academic talks.

Equivalent to:

TED Talk Week.

Narrative Function:

Major intellectual event.

DAY 78
ADVANCED CONFIGURATION EXHIBITION

Department:
Binding Circle Department

Description:
Advanced circles.
Advanced configurations.
Faculty demonstrations.

Narrative Function:
High-level architecture showcase.

DAY 81
CLINICAL PREPAREDNESS ASSESSMENT

Department:
Hospital Complex

Description:
Major HELKIR checkpoint.

Not technically an examination.

Functionally an examination.

Narrative Function:
Endgame pressure begins.

DAY 84
GENESIS INTEGRATION FORUM

Department:
Genesis Field Studies

Description:
Interdisciplinary integration event.

Students finally see how everything fits together.

Narrative Function:
Curriculum convergence point.

DAY 87
CONTAINMENT EXAMINATION

Department:
Chemistry

Description:
Practical containment assessment.

Can students safely manage complex reactions?

Narrative Function:
Chemistry final practical.

DAY 88
THEORETICAL MATHEMATICS SYMPOSIUM

Department:
Mathematics

Description:
Open presentations.

Students.
Researchers.
Faculty.

Any admissible mathematical theory may be presented.

Campus Reputation:
Nobody knows what is happening.
The mathematicians seem delighted.

Narrative Function:
Peak mathematics culture event.

DAY 90
CLINICAL READINESS EVALUATION

Department:
Hospital Complex

Description:
Final HELKIR readiness review.

Major faculty evaluation.

Narrative Function:
Final professional checkpoint.

DAY 96
SEMESTER SYMPOSIUM & FEAST

Department:
University-Wide

Location:
Grand Archives
Central Courtyard

Description:
Research presentations.
Awards.
Celebration.
Closing ceremonies.

Narrative Function:
Semester conclusion.

Students finally sleep.
